Alcohol Licensing Team
Wanganui District Council
PO Box 637 Wanganui 4540

Dear Sir/Madam

I wish to object to the alcohol licence application by the Junction Tavern 5A Puriri St Gonville Wanganui

I have an interest in this application that is greater than the general public because I live less than one kilometre from the location

Objection 1: residential area

Grounds for objection - the bar under its new name and past names is in a residential area and has homes and families living directly adjacent and all around it, at nights we can hear the drunks out on the street and have been witness to bar patrons relieving themselves on the fences of private homes.

the proposed days are Monday to Sunday 10am to 11pm once again this is a residential area and 11pm seems a little late, if the Tavern was in town surrounded by shops or empty buildings it would be different but I don't need to hear karaoke at 11pm on a week night or a weekend for that matter

Objection 2: out door smoking area

the Bar in its previous form had an outdoor smoking area at the front of the building on or next to the footpath its bad enough with the amount of cigarette butts on the footpath and bottles and cans left lying around but also the number of motorcycles that park on and block the footpath at times constricts the use of the footpath for pedestrians which is its main purpose

I should be able to walk to and from the supermarket and through a residential are without drunk people making comments to me and asking for food because their hungry (if this was closer to town that a different story but its in a residential area)

the sign on the door is in tiny type and i didn't even know it was there until it was pointed out to me, the sign saying sorry were closed it much more readable even though there next to each other on the door

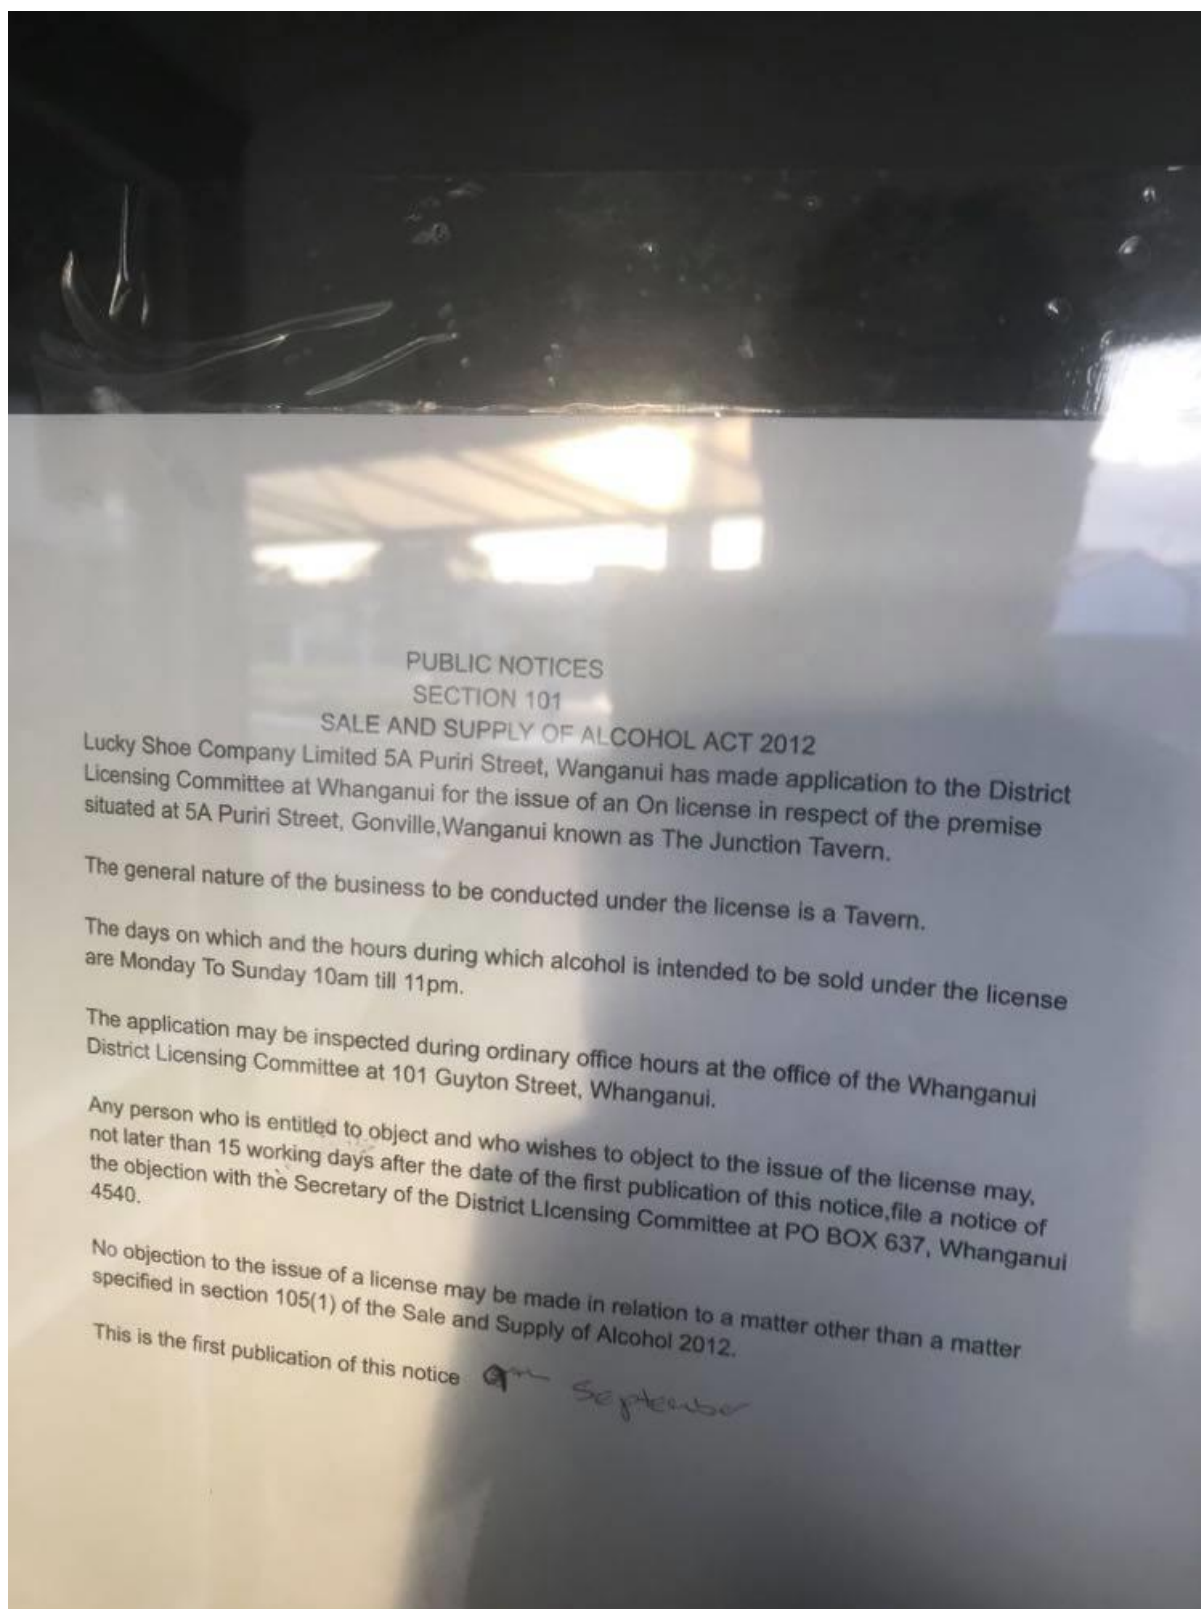

it also looks like someone is living on the property and they have a total of 4 dogs on the property at any one time i know this isn't a liquor licence issue but it is a residential area with all the dogs barking

Dear Sir

**SALE AND SUPPLY OF ALCOHOL ACT 2012 -
APPLICATION FOR NEW ON-LICENCE**

<i>Applicant:</i>	THE LUCKY SHOE COMPANY LTD
<i>For the premises known as:</i>	JUNCTION TAVERN
<i>And situated at:</i>	5A PURIRI STREET, WHANGANUI
<i>General nature of business:</i>	TAVERN
<i>Designation:</i>	SUPERVISED

The application was made to the District Licensing Agency on 7 September 2020 in accordance with section 100 of the Sale and Supply of Alcohol Act 2012.

This report is made in accordance with section 103(2) of the Act.

BACKGROUND/SITE LOCATION (i.e. summary of the application)

In this matter The Lucky Shoe Company Ltd seek a new On Licence (Tavern) for their premises at 5A Puriri Street, Gonville, Whanganui, to be known as the Junction Tavern.

The applicant has previously held two Temporary Authority's, TA/0016/2020 and TA/002/2020 at this location but failed to lodge an On Licence application before the second Temporary Authority had expired on the 2 June 2020.

This application relates to the premises at 5A Puriri Street, Gonville, Whanganui. The zoning is Neighbourhood Commercial, and is located alongside a residential area with another Neighbourhood Commercial Zone located approximately 150 meters away, hosting various commercial premises in a shopping centre configuration.

The applicant seeks a supervised designation for a Tavern style operation. In this matter the applicant sought an On-Licence Monday to Sunday (7 days) 10:00am to 11:00pm.

As required by section 100(f) of the Sale and Supply of Alcohol Act a Certificate of Compliance from the Whanganui District Council was provided with a maximum occupancy of 58 persons.

The building is owned by Glebe Holdings. An e-mail is attached to the application confirming there is no objection to the applicant selling alcohol at the premises. A shareholder in Glebe Holdings, Ian Batchelar, also confirmed this approval via a phone conversation with Inspector Therese Back on 4 September 2020.

The applicant has indicated that they have a 3 year tenure leasehold agreement.

On 8 September 2020 in accordance with section 100(d) the applicant has provided an evacuation scheme in regard to the Fire and Emergency Act 2017, Part 76.

The principal entrance is located on the front of the building and is accessed from Puriri Street. This is not changed from the previous occupant's use of the building as a tavern.

It can be concluded that this is similar operation to that previously conducted from this location.

Surrounding Sensitive Uses/Activities

Opposite the nearby shopping centre is the Gonville Public Library. I do not believe that the granting of this licence will result in an adverse effect on the Library. I have no record of the previous owners operation affecting this sensitive site.

STATUTORY CRITERIA ref. section 105(1)

(a) Section 4 Object of the Act

(1) The object of this Act is that—

- (a) the sale, supply, and consumption of alcohol should be undertaken safely and responsibly; and
- (b) the harm caused by the excessive or inappropriate consumption of alcohol should be minimised.

The applicant has provided a Host Responsibility Policy indicating that suitable measures will be undertaken to ensure the sale, supply and consumption of alcohol will be undertaken safely and responsibly and that any potential harm caused by the consumption of alcohol will be minimised.

(b) Suitability of applicant

The applicant is The Lucky Shoe Bar Limited a company incorporated on 18 November 2019. Erin Wendy Braggins is listed as the sole director and shareholder.

Erin is intending to enter into a legal partnership with Judith Jenkins, but this yet to be made official.

The applicant has supplied the following names, manager's certificate number and expiry dates for the certificated managers to be employed on the premises:

Manager's Name	Certificate No.	Expiry Date
Erin Braggins	036/CERT/112/2014.1	10/12/2020

This would be not be considered ideal by the inspector to manage the sale of alcohol pursuant to the Sale and Supply of Alcohol Act 2012 – for the proposed hours of operation. The inspector has discussed this with the applicant. Her potential new partner, Judith Jenkins, confirmed that she is currently doing her LCQ course and will apply for her managers certificate in due course. The applicant has indicated that until this happens the premises will not open if she is not present.

It is noted that there is some question around the suitability of the applicant. The inspector drove past the premises on the 12th of June 2020 at approximately 2.50pm and noticed a person sitting by the window with a bottle of Tui beer. (The premises was unlicensed as the TA expired on the 2 June 2020). Due to another appointment the inspector then sent Steve Turfrey to follow up. Steve has provided the following statement. "My diary entry for that date records "spoke with Erin – she agreed ... she knows the licence is expired and that she shouldn't be selling alcohol." The diary entry recorded subsequent comments "I know I am doing wrong... what do I do about this stock". On that occasion it is noted that Police were advised and on their visit later that night the premises were found to be locked up and unoccupied. No further comment is provided."

On this basis, I don't believe there is enough evidence to oppose this application on the ground of suitability.

(c) any Local Alcohol Policy (LAP)

In accordance with the LAP, the applicant was contacted and confirmed on 11 September 2020 their agreeance to the following discretionary conditions:

- The licensee will agree to maintain a register of significant alcohol related incidents and have that register available for inspection by an enforcement officer at any time during trading hour.
- The licensee must ensure litter (this includes, but is not limited to, vomit and alcohol related rubbish) is removed from outside the premises.

- The Licensee must ensure that at all times when a queue is formed; a dedicated staff member is required to manage the queue and ensure it does not impede the general public or use of the pavement.

(d) The days and hours during which the applicant proposes to sell alcohol

The applicant seeks the following days and hours of operation:

Monday to Sunday 10:00am until 11:00pm.

Public Notification

The application was notified in the Whanganui Chronicle on the 9th September 2020 and the 16th September 2020.

A photo of the public notice displayed at the premises was provided on the 11th September 2020.

Objections Received

An objection was received on the 30 September 2020 from Mark Lash, it is up to the DLC to determine if this has merit.

(e) The design and layout of the proposed premises

- No CPTED assessment has been undertaken by the applicant.
- The floor plan provided is similar to that of the previous licensed business.

A site visit has been completed 14 September 2020 and the layout provides for adequate overview of all areas by staff. The relatively simple layout of the premises should assist compliance management. This premises also has CCTV system installed.

(f) whether the applicant is engaged in, or proposes on the premises to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods

The applicants does not intent to sell any other goods other than alcohol and food.

(g) The provision of services other than those directly relating to the sale of alcohol, low and non-alcoholic refreshments and food

No other services will be provided.

(h) The amenity and the good order of the locality would be likely to be reduced, by more than a minor extent, by the effects of the issue of the licence

The following below areas have been considered with respect to the amenity and good order of the locality and the effect of the licensed premises:

Noise levels

Given the nature of the business, and that previous similarly established licensed premises and their operations have not impacted negatively in the surrounding area. It is considered that these issues should be manageable and should not impact on nearby residential properties in a negative way.

Levels of nuisance and vandalism

A search of Councils records shows that there was a complaint on the 3 July 2020 relating to excess cigarette butts outside the neighbouring TAB.

Police calls for service

No data has been received from Police.

(i) Number of premises for which the same kind of licences are already held

Being located within a residential area there are no other licenced premises within a kilometre. There are no known similar type venues in this area.

(j) Whether the applicant has appropriate systems, staff and training

The applicant was employed at an Off Licence for approximately 15 years, and has indicated she will use industry produced guidance books to assist with training.

(k) Reports from Regulatory Agencies

The report of the Police dated 5 October 2020 holds no opposition to the application.

The Medical Officer of Health, in the report dated 14 October 2020, holds no opposition to the application.

In consideration of all of the above I do not believe the amenity and the good order of the locality would be likely to be reduced, by more than a minor extent, by the effects of the issue of the licence.

CONCLUSION

The application is complete and appears to meet the criteria for a new on-licence.

The application is complete and appears to meet the criteria for a new on-licence.

Dear Sir/Madam

**RE: SALE AND SUPPLY OF ALCOHOL ACT 2012 - APPLICATION FOR
NEW ON LICENCE – The Lucky Shoe Company Limited**

I refer to your request received by our office on 8 September 2020, together with the application for a new on-licence for the above applicant, for the premises Junction Tavern situated at 5A Puriri Street, Gonville, Whanganui.

On 29 September 2020, I visited the above premises on behalf of the Medical Officer of Health, and met with Erin Braggins. During the visit the premises was assessed for compliance with the requirements of the Sale and Supply of Alcohol Act 2012, any licence conditions and strategies used to ensure a safe environment for drinking.

I have considered this application with respect to the public health issues involved and am not aware of any problems that would require opposition. However, concerns are raised regarding the lack of trained bar managers. Considering the licensed hours applied for (10:00am – 11:00pm, seven days), one certified bar manager is not adequate to suitably cover all of the hours the premises is likely to be open. It is noted that there is a second staff member currently sitting their LCQ and after three months of further bar experience, will likely receive their bar managers certificate.

I have not been advised of any non-compliance issues at the present time and so am not aware of any problems that might reflect upon the applicant's suitability for licensing.

The Medical Officer of Health has no opposition to the issue of the licence.

Yours faithfully

IN THE MATTER

of the Sale and Supply of Alcohol Act 2012 ("Act")

AND**IN THE MATTER**

of an application by **The Lucky Shoe Company Limited** for a new On Licence pursuant to s.100 of the Act in relation to the premises situated at 5a Puriri Street, Whanganui and known as "Junction Tavern".

BEFORE THE WHANGANUI DISTRICT LICENSING COMMITTEE

Commissioner: Stuart Hylton

DIRECTION NOTICE - OBJECTION STATUS**Application**

1. This is an application for a new On-Licence by **The Lucky Shoe Company Limited** in relation to the premises known as "Junction Tavern". This is an existing licensed premises that has "changed hands". The applicant has previously held two Temporary Authorities – TA/0016/2020 and TA/002/2020; but failed to lodge an On Licence application before the second Temporary Authority had expired.
2. The application was publically notified in accordance with s. 101 of the Act.
3. The application attracted one objection within the prescribed statutory timeframe.
4. All three statutory reports from the reporting agencies offered no opposition to the application i.e. Medical Officer of Health, Police and Inspector.

Objection and Status

5. The immediate matter before this Committee is to determine whether the objection has status for this application i.e. comply with s. 102 objection requirements under the Act.
6. The status of the objection in relation to this application is considered by the Whanganui District Licensing Commissioner on the papers.
7. The determination of the objector's status will determine whether this Committee can take into account the objection when determining this application, whether a hearing

is required to hear and determine the application and whether the objector has rights to appear and give evidence at any hearing proceedings.

8. The objector and the main grounds for objection are listed in the table below.

Objector	Address	Grounds for Objection
Mark Lash	5a Rimu Street, Whanganui	<ol style="list-style-type: none"> 1. The premises is in a residential area with homes and family living directly adjacent and around who experience noise from drunks and anti-social behaviour from patrons in surrounding public places. (s. 105(1)(i)) 2. Proposed 11pm closing hour is late to be hearing karaoke noise on a week night. (s. 105(1)(d)) 3. The front outdoor smoking area causes litter due to smoke butts in the public place, along with comments from patrons and obstruction to persons using the footpath. Section 105(1)(c), Sale and Supply of Alcohol Act i.e. application does not meet the criteria of the Local Alcohol Policy in respect of districtwide limit on off-licensed premises. (s. 105(1)(i))

9. There is no general right of objection as objectors must meet s. 102 criteria to establish objector status.
10. Objector status under s. 102 is a three way test. All three tests must be met by the objector in order to claim 'status'. Regardless of how an interest in the application is established, it is the objector who must satisfy the Committee of its status.

Test 1 Objection Timeframes

11. First, objections must be in writing and filed within 15 working days after the first publication of the public notice. The objector complied in this respect.

Test 2 Interest Greater than the Public Generally

12. Secondly, an objector must show that their interest in the application and its potential to affect them is not simply as a general member of the public i.e. 'greater than the public generally'. Parliament did not define what that interest should be and we refer to case law for guidance in this matter.
13. In *Liquorworld Limited NZLLA PH 1189/2009* the generally accepted test to 'establish that he or she has an interest in the application greater than the public generally' was accepted as residing or doing business within a one kilometre radius of the premise. However in *Janhurst Holdings limited* it was established that a test of geographic proximity is not decisive in all cases.
14. The Objector Mr Lash resides approximately 50m from the rear of the premises in question and therefore is definitely within the nominal one kilometre radius test.
15. For the above reason the Committee concludes that Mr Lash does have an interest in the application that is greater than the public generally.

Test 3 Objection in relation to s. 105 criteria

16. Third, an objection may only be made in relation to a matter stated in s.105. i.e.

S.105

In deciding whether to issue a licence, the licensing authority or the licensing committee concerned must have regard to the following matters:

- (a) the object of this Act:*
- (b) the suitability of the applicant:*
- (c) any relevant local alcohol policy:*
- (d) the days on which and the hours during which the applicant proposes to sell alcohol:*
- (e) the design and layout of any proposed premises:*
- (f) whether the applicant is engaged in, or proposes on the premises to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods:*
- (g) whether the applicant is engaged in, or proposes on the premises to engage in, the provision of services other than those directly related to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which services:*
- (h) whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, to more than a minor extent, by the effects of the issue of the licence:*
- (i) whether (in its opinion) the amenity and good order of the locality are already so badly affected by the effects of the issue of existing licences that—*
 - (i) they would be unlikely to be reduced further (or would be likely to be reduced further to only a minor extent) by the effects of the issue of the licence; but*
 - (ii) it is nevertheless desirable not to issue any further licences:*

(j) whether the applicant has appropriate systems, staff, and training to comply with the law:

(k) any matters dealt with in any report from the Police, an inspector, or a Medical Officer of Health made under section 103.

17. As shown in paragraph 8 of this direction, several of the objection points fall within s. 105 criteria.

Determination

18. Based on the above analysis the Committee determines that the objector meets the statutory test to object to and be party to hearing proceedings to determine the application.

Hearing

19. I direct the matter be set down for a hearing before this Committee at the earliest convenience. A formal notice of this hearing will be sent to all respondents to proceedings in the near future.

DATED this 21st day of October 2020

**Stuart Hylton
Commissioner
Whanganui District Licensing (Alcohol) Committee**

WHANGANUI DISTRICT LICENSING COMMITTEE

Public Hearings – How they work

PUBLIC HEARINGS

Some alcohol licensing applications must be heard by a District Licensing Committee at a public hearing.

Each Committee has three members – a Commissioner (or Chairperson) and two list members. The Committee members and Chair are independent from the Council and have expertise and experience in hearing processes.

Hearings are usually held in the Whanganui District Council's Chambers (corner of Guyton and St Hill Streets) but may need to be held at a different venue if large numbers of people are expected to attend. The applicant, reporting agencies (Police and Medical Officer of Health), Inspector and anyone objecting to the application who wishes to be heard, will be given 10 working days' notice of the date, time and venue of the hearing.

Prior to the hearing all parties to proceedings will be sent an agenda which will include the full application, Police, Medical Officer of Health and Licensing Inspector reports and any objections. Depending on the complexity of the matters to be heard, the District Licensing Committee may seek disclosure of all evidence before the hearing.

Public hearings are reasonably formal so that applications are dealt with consistently and fairly, and all parties are given a fair opportunity to present their views.

District Licensing Committee hearings are open to the public, including the media. It may be necessary to exclude the public from some parts of a hearing or limit the release of information for commercial or personal privacy reasons.

WHAT HAPPENS AT THE HEARING

When you arrive at the hearing, you'll be asked by the Committee Administrator to record your attendance if you are appearing as an applicant, on behalf of an applicant, as an objector, as a witness or representing one of the reporting agencies.

If you have a written submission you wish to present at the hearing, 10 copies of your submission should be given to the Administrator for distribution to the Committee and others who have 'status' to be part of hearing proceedings.

The Hearing will usually follow the following format.

Opening and Introduction

The Committee Administrator announces that the hearing is about to start and everyone stands as the Committee comes into the room.

The Chairperson asks everyone to sit down before introducing the Committee members, and advises which licence application is being heard. If you recorded your attendance when you arrived at the hearing, you'll be asked to introduce yourself. The Chairperson then gives a brief outline of the hearing procedure.

The Applicant

If you are the applicant, you'll be asked to swear your evidence either on oath (eg on the Bible) or by affirmation.

You will then (either personally or through a representative) introduce your application and present your case. You can ask witnesses to speak in support of the application.

The Committee may have questions or seek to cross examine you and/or your witnesses. The Chairperson will then invite the reporting agencies (Police, Medical Officer of Health and Licensing Inspector) and any objectors to ask any questions or matters of cross examination. The Chairperson will manage this process.

Reporting Agencies

The Police, Medical Officer of Health and Licensing Inspector will be asked whether they wish to present their reports or any new evidence. If they do, they will all be sworn in before presenting their evidence. They must answer any questions or matters of cross examination from the Committee, the applicant or objector/s.

Objectors

If you are an objector and wish to speak at the hearing, you'll be sworn in before you can present your objection – in person or through a representative.

At the hearing you cannot introduce new grounds for the objection but you can present evidence to support the reasons why you objected to the licence application. For example, you may provide evidence that the licensed premises have continued to cause problems since you lodged your objection.

As an objector, you can also call witnesses to support your objection. The Committee members, reporting agencies and applicants may have questions or cross examine you and your witnesses.

Applicant's Right of Reply

If you are the applicant you have the right of reply, including the opportunity to comment on any matters that have been raised at the hearing and to briefly sum up your application. No new evidence may be introduced at this stage.

CONCLUSION OF THE HEARING

The Chairperson will then advise everyone that the public part of the hearing is finished and the decision will be made by the Committee in private. The Committee Administrator will ask everyone to stand while the Committee leaves the room.

THE DECISION

The Committee may make a site visit before or after the public hearing and may also meet in private to discuss the evidence submitted before finishing their decision.

The written decision of the Committee (including the reasons for it) will be sent to all parties to the proceedings.

THE APPEALS

All those who took part in the hearing have the right to appeal to the Alcohol Regulatory Licensing Authority if they are dissatisfied with the decision or any part of the decision.

An appeal must be lodged with the Alcohol Regulatory Licensing Authority within 10 working days after the decision was notified. Details on how to make an appeal are contained on the Ministry of Justice website <https://www.justice.govt.nz/tribunals/licences-certificates/arla/>.
