Act 2012

AND

IN THE MATTER

of an application by Laird Park
Bowling Club Incorporated for a
renewal of Club Licence pursuant
to section 127 of the Supply of
Alcohol Act 2012.

BEFORE THE WHANGANUI DISTRICT LICENSING COMMITTEE

The application for renewal of Club Licence (036/CLUB/006/2014) was publically advertised in the Wanganui River City Press on the 15th March 2018. No objections were received.

The notification was outside the s. 127(3) requirements. A letter of explanation was given for the neglect. A waiver is issued due to there being no obvious wilful neglect or omission.

No matters of opposition were raised under section 128 and 129 reports; therefore the matter is considered by the Whanganui District Licensing Commissioner on the papers contained in the full file provided by the secretary.

Commissioner: Stuart Hylton

RESERVED DECISION OF THE WHANGANUI DISTRICT LICENSING COMMITTEE

1. Application

Laird Park Bowling Club Incorporated made the application on the prescribed form received on 20th December 2018.

The renewal application was made outside the timeframe required under s. 127(2) (b). The applicant has supplied a letter explaining the reason for the error. The Committee, after hearing the reasons given by the applicant, accepts the neglect is neither willful or has resulted in anyone being unduly disadvantaged by the error. Therefore a s. 108 waiver is granted for the neglect.

The application for renewal of Club Licence is in relation to the clubs premises at 92 Peat Street, Whanganui.

The general nature of the business is that of a sports (bowls) club. The Laird Park Bowling Club has been incorporated since 1995 and has held a liquor licence all

of those years. The use of the site for these purposes extended well before 1995. The sale and supply of liquor is not the main focus of the club.

The renewal seeks to keep the same conditions as the current licence apart from extending the licensed area to include the two bowling greens which seems practical. The premise has not come to the notice of officials during the renewal period.

2. Decision Making

In considering this application for Club-Licence the licensing committee had regard to the criteria under section 131 and 105 of the Act.

Section 105/131 assessments:

(a) the object of this Act:

The inspector notes that the applicant has supplied a Host Responsibility Policy stating the measures to be undertaken to ensure the responsible sale and supply of alcohol. There have been no issues raised concerning previous operations so if the policy is followed then compliance with the object of the Act should be able to be achieved.

(b) the suitability of the applicant:

The applicant is an incorporated society since 1995 and located on the current site for many years. The property is leased from the Whanganui District Council. The applicant has supplied the name of one certified manager for the licence. This is considered to be minimal to manage the licence.

The suitability of the applicant is not challenged.

(c) any relevant local alcohol policy:

No local policies currently in place.

(d) the days on which and the hours during which the applicant proposes to sell alcohol:

Applicant has applied for the same days and hours as currently enjoyed i.e.

- **Sunday to Thursday, 8.30am to 8.00pm,**
- **Friday and Saturday, 8.30am to 12.00 midnight,**

This is seen as adequate and has operated in the past without incident.

(e) the design and layout of any proposed premises:

Past CPTED assessments have not raised any issues. A floor plan was provided with the application and indicates the addition of the two extra greens since the previous renewal. The layout appears to function satisfactorily.

(g) whether the applicant is engaged in, or proposes on the premises to engage in, the provision of services other than those directly related to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which services:

Currently the focus is on sport, namely bowls.

(j) whether the applicant has appropriate systems, staff, and training to comply with the law:

Previous operations have been satisfactory and therefore systems seem appropriate. The applicant has indicated staff have a good understanding of the Act.

(k) any matters dealt with in any report from the Police, an inspector, or a Medical Officer of Health made under [section 103](#). (see 3 below)

(s.131(1)(b))whether (in its opinion) the amenity and good order of the locality would be likely to be increased, by more than a minor extent, by the effects of a refusal to renew the licence:

No issues raised and amenity and good order should not be compromised by the renewal of the licence.

(s.131(1)(d))the manner in which the applicant has sold (or, as the case may be, sold and supplied), displayed, advertised, or promoted alcohol.

No issues raised within file.

3 Reporting Agencies

The following reports were received under section 103 and 129 of the Act and taken into account during the decision.

3.1 Police – No report received within statutory timeframe therefore assume there is no opposition.

3.2 Medical Officer of Health - Report received on 5th March 2018 of no opposition.

3.2 Licensing Inspector – Full report dated 24th April 2018. The inspector is satisfied the application is complete and has no opposition to the renewal application.

4 Conclusion

Based on the evidence provided to me within the complete file, my assessment above of section 105/131 matters and the past operation of the premise/licensee, I conclude that the application meets the statutory criteria to be granted a renewal of Club-Licence under the Act for a period of three (3) years.

5 Decision

- all proceeds from the sale of alcohol belong to the club

(c) The club must have for consumption on the premises, at all times when the club is open for the sale of alcohol, a reasonable range of non-alcoholic refreshments and low-alcohol beverages.

(d) Liquor may only be sold on the following days and during the following hours:

- (f) The licensee must ensure that signs are predominantly displayed within the licensed premises detailing information regarding alternative forms of transport from the premises.
- (g) The licensee must implement and maintain the steps proposed in the application for the licence aimed at promoting the responsible consumption of alcohol.
