RESERVED DECISION OF THE WHANGANUI DISTRICT LICENSING COMMITTEE

1. Application

On the 31 May 2023, **Maloxi International Limited** on the prescribed form made application for renewal of an On-licence. This is the second renewal application by the licensee.

The application for renewal of On-licence is in relation to the premises known as '*The Citadel*' situated at 14a Rangiora Street, Whanganui.

The general nature of the business will remain that of a 'Restaurant Style On-licence'. The renewal application seeks to renew with existing conditions and the premise has not come to the notice of authorities in an adverse manner during the renewal period.

The complete file included –

- The application
- Fire evacuation compliance statement
- Host Responsibility Plan
- Owner permission letter
- Food/Drinks list
- Floor plan
- Photo's
- Copy of draft public notice and public display
- Existing Licence
- Reports from Police, Medical Officer of Health and Inspector

2. Decision Making

In considering this application for On-Licence the licensing committee had regard to the criteria under section 131 and 105 of the Act. Section 105 assessments were made using the inspector's full report and own assessment. I accept the inspector's assessment and recommendations.

Key matters raised in the complete file, including the inspector's report, were –

- The applicant is a private company who has operated the licence during the renewal period without apparent issue. This is the second renewal. The applicant has named two managers for the licence which is considered suitable for this type of licence.
- The applicant provided a host responsibility plan that if followed should ensure the object of the act is met.
- The applicant appears to have appropriate systems, staff and training to comply with the law.
- The Inspector concludes that the applicant's suitability is not challenged.
- The application accords with the LAP.
- The hours wanting to be renewed are -

Monday to Sunday (7 days) 8:00am to 11:00pm

- The current licensed footprint has not altered and appears suitable. The premises is to remain 'undesigned' which is suitable for this type of licence.
- No CPTED or amenity or good order issues raised with renewal. There is no reason to believe the amenity and good order of the locality would likely to be increased, more than a minor extent, by the effects of a refusal to renew the licence.
- The applicant has satisfactory systems for staff training and performance.

3 Reporting Agencies

The following reports were received under section 103 of the Act and taken into account during the decision.

3.1 Police – No opposition.

3.2 Medical Officer of Health – Report received on 22 June 2023, of no opposition. The MOH raised a number of issues with compliance with the Act in relation to staff training, records and alcohol sales. These have been raised directly with the licensee and followed up by the inspector. The DLC would expect the licensee to comply with these requests and note his response has been positive in this regard to date.

3.3 Licensing Inspector – Full report dated 22 June 2023. The inspector has no opposition to the application and assessed the application against s. 105 matters with no matters of opposition raised.

The inspector concludes that the application is complete and appears to meet the criteria for renewal of the licence.

4 Conclusion

Based on the evidence provided to me within the complete file, my assessment above of section 105 matters and the past operation of the premise/licensee, I conclude that the application by **Maloxi International Limited** meets the statutory criteria to be granted a renewal of On-licence under the Act for a period of three (3) years, from the date of this decision.

The licence will be subject to the conditions outlined in the Inspectors report.

5 Decision

Accordingly the application is **Approved** for issue immediately.

Dated at Whanganui District this 26th day of June 2023.

Signed

Stuart Hylton
Whanganui District Licensing Commissioner
