BEFORE THE WHANGANUI DISTRICT LICENSING COMMITTEE

The application for renewal of Off-Licence was advertised in the Whanganui Chronicle on the 4th and 11th July 2018 with no objections received. No matters of opposition were raised under section 128 and 129 reports; therefore the matter was considered by the Whanganui District Licensing Commissioner on the papers contained in the full file provided by the secretary in accordance with the provisions of s.202 (1) and 191(2) of the Sale and Supply of Alcohol Act 2012.

Commissioner: **Stuart Hylton**

RESERVED DECISION OF THE WHANGANUI DISTRICT LICENSING COMMITTEE

Application

(1) The premises at 372-376 Victoria Avenue, Whanganui is currently operating as an off licence ‘Supermarket’ (036/OFF/005/2014) and this application is to renew the licence.

(2) The application to renew was made on 25th June 2018 on the prescribed form. The application seeks to renew with similar existing conditions. The general nature of the business will continue to be that of a ‘Supermarket’ and this is the second renewal.

(3) The applicant’s store is of sufficient floor area to have status as a supermarket under s. 32 (1) (e) of the Act for which an off-licence may be issued.

(4) The complete file that I received included –

- The application
- Site Plan
- Letter from proprietor giving permission for activity
- Certificate of Incorporation
- List of duty managers
- Floor plan showing single alcohol display area
- Sales revenue notice from applicants accountant
- Draft renewal advertisement

- Fire evacuation scheme declaration from owner
- Copy of Evacuation Scheme
- Copy of existing licence
- Reports from Police, Medical Officer of Health and Inspector

Decision Making

(5) In considering this application for renewal of Off-Licence the District licensing Committee (here in after referred to as; the Committee) had regard to the criteria specified under s. 131 of the Act.

(6) The Committee must also have regard to the stores display and promotion of alcohol and set a condition in relation to ‘single alcohol area/s’ in accordance with s. 112 of the Act. That section is copied for clarity:

s. 112 Compulsory conditions relating to display and promotion of alcohol in single area in supermarkets and grocery stores

(1)The purpose of this section and [sections 113 and 114](#) is to limit (so far as is reasonably practicable) the exposure of shoppers in supermarkets and grocery stores to displays and promotions of alcohol, and advertisements for alcohol.

(2)The licensing authority or licensing committee concerned must ensure that, when it issues or renews an off-llicence for premises that are a supermarket or grocery store, it imposes on the licence a condition describing one area within the premises as a permitted area for the display and promotion of alcohol.

(3)On the renewal of an off-llicence for premises that are a supermarket or grocery store, any single-area condition imposed when the licence was issued (or was last renewed) expires.

(4)Subsection (3) is subject to [section 115\(4\)](#).

(7) Sections 113 to 115 go on to further describe the requirements when determining ‘single alcohol area/s’.

(8) The purpose of a single alcohol area under the Act is to limit (so far as is reasonably practicable) the exposure of shoppers in supermarkets and grocery stores to displays and promotions of alcohol.

(9) The application contained the following information to assist the Committee to make its decision on the s.112 matter:

- A copy of a premise floor plan indicating a single alcohol area. This has not changed from that contained on the current licence.
- Inspectors report that concludes that the single area as marked on the plan, complies with the s. 112 to114 requirements.

(10) The Committee in considering this application made a site visit to the premises in question. The premise is a large store with the Single Alcohol Area located in a far side of the store, away from the direct line of the check out and main thoroughfare of the store.

(11) This Committee when renewing the license back in 2015 commented extensively on the merits and statutory compliance of the Single Alcohol Area then, concluding that it was indeed compliant.

(12) This area, in my view, is outside –

- the most direct pedestrian route between the entrance to the premises and the general point of sale.
- the most direct pedestrian route between the main body of the premises and the general point of sale.

This is a requirement of s.113 (5)(b).

(13) The reporting agencies have all enquired into the application, offered no opposition to the Single Alcohol Area or the substantive licence. Therefore based on the information supplied within the complete file and my site inspection, I am of the opinion that the proposed Single Alcohol Area as shown on the ‘file’ floor plan, is compliant with s. 112 – 115 requirements.

Sections 105/131 Analyses:

(14) the object of this Act:

Both the Inspector and Medical Officer of Health inquired into the application seeking evidence that the object of the Act will be complied with under this licence. The applicant’s Host Responsibility Policy, if followed correctly, should ensure that the object of the act is complied with.

(15) the suitability of the applicant:

The applicant is a private company incorporated in 2014. The applicant supplied eleven names of certified managers to be employed on the premises, which is seen as a good complement for this type of licensed premise.

The inspector and reporting agencies do not challenge suitability of the applicant and neither do I.

(16) any relevant local alcohol policy:

No local policy is currently in place.

(17) the days on which and the hours during which the applicant proposes to sell alcohol:

Applicant has applied for the existing hours:

Monday to Sunday 7.00am to 10.00 pm.

These hours are within the national trading hours and same as the hours contained in the current licence. These are considered fit for purpose and have operated without incident in the past.

(18) the design and layout of any proposed premises:

No CPTED assessment received with the application but as it's an existing licence with no issues reported I see no issue with design and layout. Single Alcohol Area layout is discussed earlier in this report.

(19) whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, to more than a minor extent, by the effects of the issue of the licence:

I accept the inspectors assessment that there have been no complaints about nuisance type offences in the area in the past and that if managed well this should continue.

(20) whether the applicant has appropriate systems, staff, and training to comply with the law:

The applicant has nominated eleven managers of varied experience and skills. The inspector notes the applicant maintains excellent levels of staff training and performance and runs a mystery shopper programme.

Reporting Agencies

(21) The following reports were received under section 103/129 of the Act.

(22) **Police** – No report received within statutory timeframe therefore assume no opposition.

(23) **Medical Officer of Health** - Report received on 11th July 2018, of no opposition.

(24) Licensing Inspector

Full report dated 13th August 2018. The inspector provided, amongst other things, her assessment of the application in relation to the Act. She also assessed the application against s105 criteria. This assessment has been referred to in this report. An inspection of the premise recently also raised no outstanding requirements.

The inspector concluded that the application is complete and will likely meet the criteria for renewal on the conditions presently attached to the licence.

Committees Decision and Reason

(25) Based on the evidence provided to me within the complete file, lack of opposition from the relevant agencies, my site inspection and my assessment above, I conclude that the application generally meets the s. 105/131 criteria under the Act to be granted renewal of an off-liscence for the premise situated at 372-376 Victoria Avenue,, Whanganui, to be known as 'New World Wanganui'.

(26) Accordingly the application is **approved** for renewal for three years subject to the following conditions and payment of any outstanding fees, if any.

(27) The following conditions will apply to the licence:

- (a) No alcohol is to be sold or delivered from the premises on Good Friday, Easter Sunday or Christmas Day or before 1.00pm on Anzac Day

(b) Alcohol may only be sold or delivered on the following days and during the following hours: **Monday to Sunday 7.00am to 10.00pm.**

(c) The licensee and managers on duty must ensure that the provisions of the Act relating to the sale and supply of alcohol to prohibited persons are observed and must display appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of liquor to minors and the complete prohibition on sales to intoxicated persons.

(d) The licensee must ensure that at all times a copy of the licence, together with a statement of all conditions subject to which it is issued, is displayed—

- attached to the inside of the premises concerned; and
- so as to be easily read by people entering each principal entrance.

(e) Drinking water must be freely available to customers while alcohol is being supplied free as a sample on the premises and signage directing people to drinking water must be prominently displayed on the premises at that time.

(f) No alcohol is to be sold on the premises unless it contains no more than 15% ethanol by volume measured at 20°C and is—

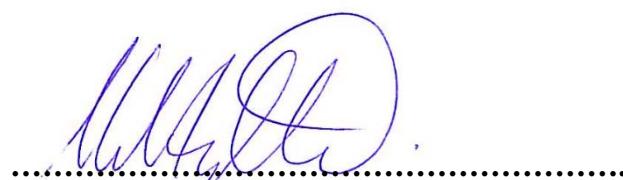

- (a) beer that complies with the appropriate New Zealand food standard for beer; or
- (b) mead that complies with the appropriate New Zealand food standard for mead; or
- (c) fruit or vegetable wine that complies with the appropriate New Zealand food standard for fruit or vegetable wine (however that product may be described in the standard); or
- (d) grape wine that complies with the appropriate New Zealand food standard for grape wine (however that product may be described in the standard); or
- (e) a food flavouring, prepared for culinary purposes, that is unsuitable for drinking undiluted.

(g) Only a Single Alcohol Area as delineated on the application file plan received by the District Licensing Committee and dated 1 August 2018, is a permitted area for the display and promotion of alcohol.

(h) The whole of the premises is ‘undesignated’.

Dated at Whanganui District this 14th day of August 2018.
