(3) The applicant’s store is of sufficient floor area (2,762m<sup>2</sup>) to have status as a supermarket under s. 32 (1) (e) of the Act for which an off-licence may be issued. The premise is situated on Whanganui’s main commercial street and has a certificate of building and planning compliance issued by the Council.

### ***Decision Making***

(5) In considering this application for a new Off-Licence the District licensing Committee (here in after referred to as; the Committee) had regard to the criteria specified under s. 105 of the Act.

(6) The Committee must also have regard to the stores display and promotion of alcohol and set a condition in relation to ‘single alcohol area/s’ in accordance with s. 112 of the Act. That section is copied for clarity:

#### **s. 112 Compulsory conditions relating to display and promotion of alcohol in single area in supermarkets and grocery stores**

*(1)The purpose of this section and [sections 113](#) and [114](#) is to limit (so far as is reasonably practicable) the exposure of shoppers in supermarkets and grocery stores to displays and promotions of alcohol, and advertisements for alcohol.*

*(2)The licensing authority or licensing committee concerned must ensure that, when it issues or renews an off-licence for premises that are a supermarket or grocery store, it imposes on the licence a condition describing one area within the premises as a permitted area for the display and promotion of alcohol.*

*(3)On the renewal of an off-licence for premises that are a supermarket or grocery store, any single-area condition imposed when the licence was issued (or was last renewed) expires.*

*(4)Subsection (3) is subject to [section 115\(4\)](#).*

(7) Sections 113 to 115 go on to further describe the requirements when determining ‘single alcohol area/s’.

(8) The purpose of a single alcohol area under the Act is to limit (so far as is reasonably practicable) the exposure of shoppers in supermarkets and grocery stores to displays and promotions of alcohol.

(9) The application contained the following information to assist the Committee to make its decision on the s.112 matter:

- A copy of a premise floor plan indicating a single alcohol area.
- Inspector’s report that concludes that the single area as marked on the plan, complies with the s. 112 to 114 requirements. This is the same single alcohol area as the previous licensee enjoyed.

(10) The Committee in considering this application made a site visit to the premises in question. The premise is a large sized supermarket for Whanganui standards with the Single Alcohol Area located on the furthest wall from the premise entrance, away from the direct line of the check out and main thoroughfare of the store.

(11) This Committee concludes that whilst the Single Alcohol Area is not in an area that is furthest from the check outs or main thoroughfare, it is nevertheless in an aisle that most persons would not go down unless to shop for alcohol and associated goods. The Committee therefore again concludes that the Single Alcohol Area, as submitted, is indeed compliant.

(12) This area, in the Committee's view, is outside –

- the most direct pedestrian route between the entrance to the premises and the general point of sale.
- the most direct pedestrian route between the main body of the premises and the general point of sale.

This is a requirement of s.113 (5)(b).

(13) The reporting agencies have all enquired into the application, offered no opposition to the Single Alcohol Area or the substantive licence. Therefore based on the information supplied within the complete file and my site inspection, I am of the opinion that the proposed Single Alcohol Area as shown on the 'file' floor plan, is compliant with s. 112 – 115 requirements.

#### ***Sections 105Analyses:***

**(14) the object of this Act:**

Both the Inspector and Medical Officer of Health inquired into the application seeking evidence that the object of the Act will be complied with under this licence. The applicant's Host Responsibility Policy, if followed correctly, should ensure that the object of the act is complied with.

**(15) the suitability of the applicant:**

The applicant is a private company incorporated in 2015 with one director and three shareholders. The applicant previously run the Eastbrook Four Square licensed foodmart for three years without issues. The applicant supplied nine names of certified managers employed on the premises.

The inspector and reporting agencies do not challenge suitability of the applicant and neither do I.

**(16) any relevant local alcohol policy:**

No local policy is currently in place.

**(17) the days on which and the hours during which the applicant proposes to sell alcohol:**

Applicant has applied for the following hours which are less than current store hours:

**Monday to Sunday 7.00am to 9.00 pm.**

These hours are within the national trading hours. These are considered fit for purpose and have operated without incident in the past.

**(18) the design and layout of any proposed premises:**

The application included a detailed CPTED assessment with solutions and as it's an existing licence with no issues reported I see no issue with design and layout. Single Alcohol Area layout is discussed earlier in this report.

**(19) whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, to more than a minor extent, by the effects of the issue of the licence:**

I accept the inspectors assessment that there have been no complaints about nuisance type offences in the area in the past and that if managed well this should continue.

**(20) whether the applicant has appropriate systems, staff, and training to comply with the law:**

The applicant has nominated nine managers of varied experience and skills. The inspector notes the applicant maintains excellent levels of staff training and performance and runs a mystery shopper programme. To the inspectors knowledge the premise has never failed a Controlled Purchase Operation.

***Reporting Agencies***

(21) The following reports were received under section 103 of the Act.

(22) **Police** – Report received on 12 February 2019, of no opposition.

(23) **Medical Officer of Health** - Report received on 13<sup>th</sup> February 2019, of no opposition.

**(24) Licensing Inspector**

Full report dated 20th March 2019. The inspector provided, amongst other things, her assessment of the application in relation to the Act. She also assessed the application against s105 criteria. This assessment has been referred to in this report.

The inspector concluded that the application is complete and will likely meet the criteria for a new licence and consequently holds no opposition.

***Committees Decision and Reason***

(25) Based on the evidence provided to me within the complete file, lack of opposition from the relevant agencies, my site inspection and my assessment above, I conclude that the application generally meets the s. 105 criteria under the Act to be granted a new off-licence for the premise situated at 374 Victoria Avenue, Whanganui, known as 'New World Whanganui'.
