Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

Yes, I agree with the inclusion of native flora, fauna, birds or animals in the naming criteria

Reasons

There are some beautiful words that bring joy to say - Pīwakawaka for instance.

Certainly love the idea of native plants

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

Yes, I agree the naming of parks should be included in the policy

Naming Panel

Do you agree that the naming panel should be included within the policy?

I do not have a view/neither agree or disagree

Reasons

Don't know enough about how it is currently run and how it would be run in included

Naming Panel Delegation

What responsibility do you think the naming panel should have in the following areas?

New Road:	Make recommendation
Existing/renaming:	Make recommendation
Park:	Make recommendation

Purpose of the naming panel

Who should the panel members be?

Community representation:	Yes
Mana/tangata whenua representation:	Yes
Elected member:	Yes
Developer:	Yes

Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

Yes, I agree with the inclusion of native flora, fauna, birds or animals in the naming criteria

Reasons

More choice of names by widening the criteria.

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

Yes, I agree the naming of parks should be included in the policy

Reasons

More choice of names if the criteria is widened.

Naming Panel

Do you agree that the naming panel should be included within the policy?

Yes, I agree naming panel should be included in the policy

Reasons

Makes sense to have everything together.

Naming Panel Delegation

What responsibility do you think the naming panel should have in the following areas?

Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

Yes, I agree with the inclusion of native flora, fauna, birds or animals in the naming criteria

Reasons

We have some beautiful birds in this country. It would be good to recognise them. I can't stand Pommie birds.

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

Yes, I agree the naming of parks should be included in the policy

Reasons

Nice to name parks etc after Kiwis or even Aussies rather than after people who live 12000 miles away and have little relevance.

Naming Panel

Do you agree that the naming panel should be included within the policy?

Yes, I agree naming panel should be included in the policy

Reasons

Developers should not have as much power as they currently have in relation to naming new streets.

Naming Panel Delegation

What responsibility do you think the naming panel should have in the following areas?

New Road:	Make decision
Existing/renaming:	Make recommendation
Park:	Make recommendation

Reasons

Renaming existing roads, parks should go out to public consultation.

Purpose of the naming panel

Who should the panel members be?

Community representation:	Yes
Mana/tangata whenua representation:	Yes
Elected member:	Yes
Developer:	Yes

Reasons

We need decisions based on feedback from several areas of the community.

Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

Yes, I agree with the inclusion of native flora, fauna, birds or animals in the naming criteria

Reasons

Our native flora and fauna are beautiful, and their names often evoke a pleasant feeling. I would love to live on a street named after a native bird, for example. I would also suggest that the Māori name be used rather than the English name. "Fantail" is nice but "Pīwakawaka" is even nicer.

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

Yes, I agree the naming of parks should be included in the policy

Reasons

If there's a particularly prominent plant in that park, or a native animal often seen there, by all means let's use that as the name.

Naming Panel

Do you agree that the naming panel should be included within the policy?

I do not have a view/neither agree or disagree

Reasons

To be honest I'm not sure what this proposal entails.

Naming Panel Delegation

What responsibility do you think the naming panel should have in the following areas?

New Road: Make recommendation
Existing/renaming: Make recommendation
Park: Make recommendation

Reasons

The more, the merrier.

I would want the council to make the final decision though, in case there's a particularly vocal group who oppose the use of Māori names or who object to the renaming of stodgy British ones.

Purpose of the naming panel

Who should the panel members be?

Community representation: Yes
Mana/tangata whenua representation: Yes
Elected member: Yes
Developer: No

Reasons

Developed estates always seem to have generic, out-of-place naming suggestions. Leave them out of it.

Naming and Numbering Policy

Further comments

I want to propose that the main streets in Whanganui named after British towns (London, Glasgow, Liverpool, Plymouth, etc.) be renamed after people or items special to Whanganui. We are a diverse town that has grown up and away from British influences since it was founded, and we should take pride in our own locality instead of maintaining such links to the past. (Not that links to the past are bad, I mean that let's stand on our own feet.)

Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

Yes, I agree with the inclusion of native flora, fauna, birds or animals in the naming criteria

Reasons

I agree with using native flora, fauna, birds or animals, along with the other existing criteria - but would like to see that the name that takes precedence in the selection criteria is the name endorsed by tangata whenua / mana whenua representatives on the naming panel.

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

Yes, I agree the naming of parks should be included in the policy

Naming Panel

Do you agree that the naming panel should be included within the policy?

Yes, I agree naming panel should be included in the policy

Naming Panel Delegation

What responsibility do you think the naming panel should have in the following areas?

New Road: Make decision
Existing/renaming: Make decision
Park: Make decision

Reasons

Vesting the decision making in the panel doesn't preclude that they could take, or make, recommendations and put these out for wider consultation with iwi and / or community before the decision is made.

Purpose of the naming panel

Who should the panel members be?

Community representation: Yes
Mana/tangata whenua representation: Yes
Elected member: No
Developer: NA

Reasons

I think these decisions ultimately should sit with mana whenua and as Tiriti partners they are central to these decisions . Including community representation on the panel helps forge relationships and develop understanding of our place, our relationships and our shared history. Inviting developers (or specialists on behalf or as part of projects) to attend could possibly be good for deeper relationships between commercial actors / orgs and both mana whenua and the wider community. I think council officers do a very good job in providing advisory and subject matter expert support . Naming of places - be they streets, roads, parks or reserves in our rohe has a long- term effect on the landscape of Whanganui and I think should come from a collective place, I think it's great the council is moving to bring this more formally into its naming policy. I do not think elected members need to be on the decision panel for this.

So long as it stays a simple process, it is good to have various input

Further comments

Renaming places just for the sake of it should be very strongly discouraged
Long complicated names will only make it harder for tourists to remember where Whanganui was different, not blur it into similar to ... so many other NZ places

Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

Yes, I agree with the inclusion of native flora, fauna, birds or animals in the naming criteria

Reasons

Using native flora, fauna, birds or animals utilises attractive names residents are familiar with. It continues a current pattern in the city. It provides a source of names that are distinctive that are unlikely to cause confusion.

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

Yes, I agree the naming of parks should be included in the policy

Reasons

The names of native flora, fauna, birds and animals provide a large resource of attractive, distinctive reserve names. This will allow the use of Maori names.

Naming Panel

Do you agree that the naming panel should be included within the policy?

Yes, I agree naming panel should be included in the policy

Reasons

A community based panel are likely to understand names that are acceptable to the wider community ; and be able to identify names which may be inappropriate in particular circumstances.

Naming Panel Delegation

Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

Yes, I agree with the inclusion of native flora, fauna, birds or animals in the naming criteria

Reasons

Where appropriate native wildlife, flora and fauna would be a good idea

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

Yes, I agree the naming of parks should be included in the policy

Reasons

However the renaming of any park should be really thought about. Not just changed for change sake or due to a rethink of history. What happened then and interpretation today.....what would happen in 200 years from now another rename?

Naming Panel

Do you agree that the naming panel should be included within the policy?

No, I do not agree the naming panel should be included in the policy

Reasons

The naming panel should put forward proposals for consideration, if the panel was included any proposal they decided would be it. Panel isn't balanced

Naming Panel Delegation

What responsibility do you think the naming panel should have in the following areas?

New Road: Make recommendation
Existing/renaming: Make recommendation
Park: Make recommendation

Reasons

As with my previous answer, the panel should be able to make recommendations along with developers not decide off their own bat.

Purpose of the naming panel

Who should the panel members be?

Not Speaking

Naming Criteria

Do you agree that native flora, fauna, birds or animals be added to the naming criteria?

I do not have a view/neither agree or disagree

Reasons

I'm not sure there is a problem with the current naming convention and don't see why the proposal can't just be included. I think naming should be based on how the road/park evolved on a case by case basis. I do not think it should be culture-based except where there is a compelling reason for this to occur. These names should be considered with EVERYONE from the community taken into account not just majority groups for political expediency. In all cases, the community should have a say in any proposed new names as there may be some quite valid reasons why a certain name should not be used.

Naming of Parks

Do you agree that the naming of parks should be included in the policy?

I do not have a view/neither agree or disagree

Reasons

So long as a name has general public acceptance and is appropriate then a name can be adopted.

Naming Panel

Do you agree that the naming panel should be included within the policy?

Yes, I agree naming panel should be included in the policy

Reasons

So long as the panel is fairly represented for the community at large.

Naming Panel Delegation

What responsibility do you think the naming panel should have in the following areas?

New Road: Make recommendation
Existing/renaming: Make recommendation
Park: Make recommendation

Reasons

Their role should only be to oversee the proposal of a name to ensure it fits in with the community to avoid nonsensical names being chosen.

Purpose of the naming panel

Who should the panel members be?

Community representation: Yes
Mana/tangata whenua representation: Yes
Elected member:
Developer: Yes

Reasons

An even spread of members across the parties involved is paramount. A high percentage of one minority ethnic group is not ideal as is the case at present.

Further comments

Overall any naming of public places should involve a cross-section of community voices
