involved in further consultation opportunities with Council?	Yes
KEY ISSUES	
Do you generally agree with the draft strategic plan's vision? <i>Safer Whanganui- Works for everyone, a positive place to live, learn, work and play?</i> (pg. 3)	Agree
Do you agree with the goal <i>Youth - We are a community that is the best place to start your life</i> and how this goal will be achieved? (pg. 15)	Agree
Do you agree with the goal <i>Places - Our built environments are safe</i> and how this goal will be achieved?(pg. 16)	Agree
Do you agree with the goal <i>Community – We are connected and collaborative community</i> and how this goal will be achieved? (pp. 17-18)	Agree
Do you agree with the goal <i>Homes - Every Whanganui resident has a safe home to live in</i> and how this goal will be achieved? (pg. 19)	Agree
Do you generally agree with the proposed actions Safer Whanganui will undertake with collaborators? (pp. 15-19)	Agree
Overall, do you generally agree with the contents of the draft strategic plan?	Agree
Do you think we are missing any actions to address community safety? If so please list:	Kerbside recycling:
Further comments	Just to add, we volunteers at Op Shops see some horrible things left outside [and inside] our shops, because people use us to dump their rubbish. This cuts into our 'profits', and sometimes makes us feel sick, with the state of these articles. I feel for those who would collect from the kerbside, but at least they'd be paid & wear protective

	clothing.

Do you generally agree with the proposed actions Safer Whanganui will undertake with collaborators? (pp. 15-19)	Strongly agree
Overall, do you generally agree with the contents of the draft strategic plan?	Strongly agree
Do you think we are missing any actions to address community safety? If so please list:	I think that it was prudent to limit the goals and the four decided on came up as a result of consultation. If Safer Whanganui wants to take the community with them, it needs to take heed of the community voice which it did. In a perfect world I would like to see the restorative approach to conflict and building healthier relationships by fostering community circles within the community emphasized although it is

	touched on in Goal 3 Priority 1.

	From our perspective we are very happy to endorse the Safer Whanganui Strategic plan as it aligns well with our Prison's Whanganui and District Plan. The four key pillars that drive the draft strategic plan are: • Youth – we are a community that is the best place to start your life • Places – our built

Further comments	environments are safe. • Community – we are connected and collaborative community • Homes – every Whanganui resident has a safe home to live in Our District plan Initiatives are: • Maori under 25 • Youth • Family Violence • Mental Health So our organisation sits well to help support the Strategic Plan.

Draft Safer Whanganui Strategic Plan

Submission on Safer Whanganui Strategy, from Whanganui IHC Association

Kate Jaunay

ktjaunay@gmail.com

Whanganui IHC Association

c/o PO Box 807,

Whanganui 4540

021 114 8686

I am completing this submission on behalf of the Whanganui IHC Association, of which I am the Chairperson.

I would like to speak to Council in support of this submission, and may be contacted at the above phone number.

I would also like to be involved in future consultation opportunities with the Council.

Firstly, the Whanganui IHC Association would like to be included in any discussions on policy of this kind in the Whanganui region. Our interest in and concern for people with disabilities (not limited to learning/intellectual) is, of course, vast, but we are intent on bringing the disabled and able communities together for their mutual benefit.

We have renovated a building, #48 Alma Road, next door to the IDEA Services/IHC building in Gonville, for use as a community 'Clubhouse'. At present we host a free community art-space with a paid tutor each Tuesday morning, and Stone Soup runs a soup kitchen on Fridays. We hope to hold youth groups and other community activities in the near future.

For this reason, we feel we are well placed to understand the needs of the local community, and we have the ability to share information between people and local government.

Goal One – We are a community that is the best place to start your life:

We want to ensure that all families with disabled people be given every opportunity to develop skills useful for parenting with the challenges they will face.

We also want to increase public awareness and tolerance of these challenges. We are able to host small meetings at # 48 Alma for speakers to share ideas.

Goal Two – Our built/public environments are safe:

We would like to see more consideration given to the safety of access for the visually impaired and users of mobility scooters, wheelchairs, and walking frames in all planning of access and structures in the city. Walking groups, early childhood centres and schools should be able to report hazards to Council when they encounter them while out and about.

We would like to see improvements made at public amenities, especially the Splash Centre for accessing the facilities. We would like to make some suggestions on how this could be achieved, for the betterment of not only people with disabilities of all kinds, but for older members of the community.

We want to liaise on issues such as emergency exits from homes in the event of fire, earthquake or other disasters, and help develop support policies involving neighbours of people with mobility or other challenges, to assist in emergencies.

Goal Three – We are a connected and collaborative community:

Our work at #48 will enable us to connect with many diverse groups within the community, and be able to understand more of the challenges people face in their everyday lives. This will assist us in directing them to relevant agencies to improve their situation, as well as empowering them directly.

When there are speakers available who have the skills to address specific health/mental health issues, we would like to host small meetings with interested people, as we feel smaller is better with many vulnerable members of the public.

Goal Four – Every Whanganui resident has a safe home to live in:

IDEA Services has Health and Safety officers to encourage safe practices in the residences and vocational properties. We would like to see those officers able to access information being shared by other agencies.

Many of our people are living in State Housing, some of which is in need of repairs. We would appreciate Council's assistance in expediting these repairs.

We want to liaise with those involved with mapping natural hazards, and improve relationships with the neighbours of those living in care.

The Whanganui IHC Association generally agrees with the draft plan's vision, and would like to contribute to and facilitate these ideas.

We look forward to taking part in this process.

Kate Jaunay,
Whanganui IHC Association Chairperso

KEY ISSUES	
Do you generally agree with the draft strategic plan's vision? <i>Safer Whanganui- Works for everyone, a positive place to live, learn, work and play?</i> (pg. 3)	Strongly agree
Do you agree with the goal <i>Youth - We are a community that is the best place to start your life</i> and how this goal will be achieved? (pg. 15)	Agree
Do you agree with the goal <i>Places - Our built environments are safe</i> and how this goal will be achieved?(pg. 16)	Agree
Do you agree with the goal <i>Community – We are connected and collaborative community</i> and how this goal will be achieved? (pp. 17-18)	Strongly agree
Do you agree with the goal <i>Homes - Every Whanganui resident has a safe home to live in</i> and how this goal will be achieved? (pg. 19)	Strongly agree
Do you generally agree with the proposed actions Safer Whanganui will undertake with collaborators? (pp. 15-19)	Strongly agree
Overall, do you generally agree with the contents of the draft strategic plan?	Strongly agree
Do you think we are missing any actions to address community safety? If so please list:	
	Goal one, targeting youth. Priority 4 - We agree with this statement, however we feel that both schools and alternative education should also be better connected to safer Whanganui, giving the youth who don't attend school the opportunity to connect and feel safe in our community. Goal Two.

Further comments	Priority 2 - We feel it is necessary to increase the amount of street lighting within the Whanganui region as many areas do not have enough lighting for walking safely in the dark. We also feel that Whanganui needs more bus stops, as they provide safe and secure areas for people to wait in, especially during bad weather. Priority 4 - Whanganui needs more resources to help people realise their limits with drugs and alcohol, as the binge drinking culture is very popular within Whanganui, especially with our youth.

Do you agree with the goal <i>Youth - We are a community that is the best place to start your life</i> and how this goal will be achieved? (pg. 15)	Neither agree nor disagree
Do you agree with the goal <i>Places - Our built environments are safe</i> and how this goal will be achieved?(pg. 16)	Disagree
Do you agree with the goal <i>Community – We are connected and collaborative community</i> and how this goal will be achieved? (pp. 17-18)	Neither agree nor disagree
Do you agree with the goal <i>Homes - Every Whanganui resident has a safe home to live in</i> and how this goal will be achieved? (pg. 19)	Agree
Do you generally agree with the proposed actions Safer Whanganui will undertake with collaborators? (pp. 15-19)	Neither agree nor disagree
Overall, do you generally agree with the contents of the draft strategic plan?	Agree
Do you think we are missing any actions to address community safety?	I feel WDC is concentrating too hard on their urban environments, and neglecting the very large number of rural ratepayers in their district. I think WDC needs to add Forestry Environment risks to their safety lists, to cover the risk from flooding and slash - viz. Gisborne region - the dangers from silt, landslides, substandard roading, extra traffic, and dust issues to name a few. I feel WDC would be negligent to ignore this area,

If so please list:	as there are too many people supposed to be covering it, and failing to do so. Each organisation passes the buck between themselves, and a single central pro-active safety plan to cover risks caused to ratepayers by this industry must be created as soon as possible. It makes total sense for District Councils to be the organisation to handle this.

	<p>1.Our city is full of solo mums and lonely old people we need a way to address this and bring them together.</p> <p>2.We need council to be generous to Business and home building families. Make it easy and enjoyable to build in our town. Not how is now</p> <p>3. Council need to seek business to Wanganui, we need jobs for the young males the farthers of the kids the solo mums are looking after.</p> <p>4. Provide free transport</p>

<p>Do you think we are missing any actions to address community safety? If so please list:</p>	<p>for kids to get to sports on weekend and keep improving facilities. 5. Inspect all homes of the over 65 for the need for access ramps, seek funding from lotto 6. Paint the houses ,brighten up out look in the suburbs. lotto 7. Promote a street party day once year for all interested streets. Community 8. Advocate sex education in our schools early, hand out condoms to all teenagers. 9. Promote excitement for youth, what do we have for them after the skate bowl. 10. Empower solo mums, Educate ,involve to break the cycle.</p>
<p>Further comments</p>	<p>All your points are valid and have merit. When I was a school boy 35 years ago, whanganui had 45000 and C grade education jobs were easy. What has changed, Technology ,Yes, so we need to promote this in our town. How did silicon valley come about ? The talk on the Wharf has been around since the war and realistically the yanks had the right idea to divert the river so we need to move on and look afar for Business to come. Tech can be done anywhere and we need jobs. This will help wanganui to achieve and prosper, This allows the at risk individuals to be lowered because the are involved with a community of workers. Then there is money to help the kids, mum and dads, ma & pa.</p>

Do you think we are missing any	What is missing in this report is identifying the benefits of sports and out of school /work activities for youth to the elderly. Supported physical activities (sport, dance, music, drama etc) for all age groups creates a sense participation, mental and physical fitness which in turn and reduces physical conditions leading to the increasing falls risk. Youth to the elderly, involvement in sports and related activities improve physical

<p>actions to address community safety? If so please list:</p>	<p>balance, friendship, working together, reliance of each other to complete a task or event, enjoyment of success, positive attitude and is all available in Whanganui. The Whanganui Master games is a tribute to these concepts of combining a variety of events. Whanganui is privileged to have many other activities ranging from the arts, music, dance, and as mentioned knitting groups, that can also have the same effect.</p>
<p>Further comments</p>	<p>Whanganui has many quality sports / arts / recreation facilities and groups that are run by volunteers who are struggling with increasing building compliance costs, grounds and expenses for participants. With further council support, these groups could cater for and interest a wider group of people who would benefit physically, emotionally and develop a positive community sense as they have something to focus or be involved with. One example is council support of covering of the velodrome. This asset that could cover so many activities beyond cycling, (as is done in Cambridge) for capable and those wanting to become fitter or balanced in a warm and dry environment. Subsidising youth and or low income persons to be able to participate in activities by way of entry level scholarships (with an accountability component), equipment exchange, coach/volunteer support/education, can all lead to building a stronger community. Out side of the school environment, if youth are exposed to a community activity that involves team building, caring for each other, consistent attendance to reach a combined goal, then attending school on a regular basis wouldn't be such a challenge. Sport and other activities can involve nutrition advise, life balance of rest/sleep and goal orientated activity which builds focused driven young and older adults. Many families have talented youth but cannot afford sport / arts / music/</p>

	<p>dancing costs and thus the youth have time on their hands to find their own entertainment, which may not benefit the community. Supporting entry level activities - eg X number of entry level scholarships per sport / activity or recognition of expenses for volunteer coaches /trainers or access a vehicle to take members to away events - may encourage families/whanau to supervise and or participate. Utilizing volunteers to act as encouragement rather than as wardens would bring a different perspective to drawing in potentially at risk youth or even the unemployed. Many a job has been created or found or job reference given from a committed volunteer. There is a cost to families/whanau and the community to supporting sport and other activities but the long term benefits outweighs the negative costs to society, increases physical and mental fitness of all ages (thus decreasing falls) and with any luck a better person for our community.</p>

Submission: Draft Safer Whanganui Strategic Plan

Thank you for your submission. We appreciate you participating in the consultation process on this issue. This email is a formal acknowledgement of Whanganui District Council's receipt of your submission. Please print a copy of this page for your records.

If you have elected to speak to the Council on your submission, Council Officers will be in touch with you to arrange a suitable time once hearing times and dates are finalised.

Reference number	450081404182910
First name	Kim
Last name	Cripps
Email address	dkripps@farmside.co.nz
Postal address	659 Waikupa Rd R.D.12 Whanganui
Daytime phone number	0276298546
Organisation name	
Your role	
Have you submitted to the Whanganui District Council before?	Yes
Gender	Female
Age group	40 - 49 years
Ethnicity	NZ European
Location	Marybank-Gordon Park
Would you be interested in being	

involved in further consultation opportunities with Council?	Yes
KEY ISSUES	
Do you generally agree with the draft strategic plan's vision? <i>Safer Whanganui- Works for everyone, a positive place to live, learn, work and play?</i> (pg. 3)	Strongly agree
Do you agree with the goal <i>Youth - We are a community that is the best place to start your life</i> and how this goal will be achieved? (pg. 15)	Agree
Do you agree with the goal <i>Places - Our built environments are safe</i> and how this goal will be achieved?(pg. 16)	Disagree
Do you agree with the goal <i>Community – We are connected and collaborative community</i> and how this goal will be achieved? (pp. 17-18)	Disagree
Do you agree with the goal <i>Homes - Every Whanganui resident has a safe home to live in</i> and how this goal will be achieved? (pg. 19)	Disagree
Do you generally agree with the proposed actions Safer Whanganui will undertake with collaborators? (pp. 15-19)	Agree
Overall, do you generally agree with the contents of the draft strategic plan?	Disagree
Do you think we are missing any actions to address community safety? If so please list:

Overall, do you generally agree with the contents of the draft strategic plan?		x			

Do you think we are missing any actions to address community safety? If so please list.

There is potential to strengthen the focus on preventing falls, the leading cause of hospital injury admissions and deaths as identified by the needs assessment. Safer Whanganui is already linked to the Live Stronger for Longer Movement and I think there is an opportunity to include support for this as a key partnership activity given that it addresses non-environmental causes of falls in the most at risk age group.

Please use this space to provide reasons for your responses to the above. In particular, if you disagreed with any of the proposals please let us know why and provide any alternative options you may have.

My comments are mainly in relation to falls prevention as the leading cause of preventable injury in Whanganui. I would like to see a stronger link between the activities to be undertaken and the target in relation to goal four of a reduction in falls at all age levels. I endorse the first activity to complete a literature review and develop a logic model and would be keen to contribute to that if possible so that evidence based activities likely to impact on falls can be identified.
