

# Appendices

Appendix A	<u>Acceptable pipe and fitting materials (informative) Drawings</u>
Appendix B	<u>Standard construction drawings (Informative) Water Main</u> <u>Pressure Testing Criteria</u>
Appendix C	<u>Field testing of pipelines (Normative) Water Supply</u> <u>Disinfection Specification</u>
Appendix D	<u>Water supply disinfection (Normative) Related Documents</u>
Appendix E	<u>Typical plan and cross section figures from table 3.2</u> <u>(Informative) Basic Steps of a subdivision</u>
Appendix F	<u>Basic Steps of a subdivision Traffic Effects Assessment</u>
Appendix G	<u>Traffic effects assessment Approved Materials</u>
Appendix H	<u>Water supply general information Supporting Materials</u>
Appendix I	Technical specifications
Appendix J	Schedule 1D As-Built plans and documents
Appendix K	Copy of "Guidance on use of producer statements"
Appendix L	<u>Testing schedule summary WDC updated Table 3.1—Road</u> <u>Design Standards—Urban (speed limit <math>\geq</math> 70km/h)</u>
Appendix M	<u>WDC engineering plan checklist WDC Pump Station</u> <u>Specification</u>
Appendix N	<u>Performance Standard for Off-Peak Wastewater Disposal</u> <u>Testing Schedule Summary</u>
<del>Appendix O</del>	<del><u>Alternative Design Procedure</u></del>
<del>Appendix P</del>	<del><u>Electrical Controls and Instrumentation Specifications</u></del>
<del>Appendix Q</del>	<del><u>Performance Standard for Off-Peak Wastewater Disposal</u></del>
