Wanganui District Council  
PO Box 637  
Wanganui 4540

Attn: Rachael Pull – District Plan Review Team

Dear Rachel

Re Wanganui District Plan Review – Roll Over of Kordia Designations

We write on behalf of our client – Kordia Limited who are the Requiring Authority for two designations in the current Wanganui District Plan.

This letter serves to confirm to Council that both the designations located at:

Windy Point Address:	Rangitatau West Road, Wanganui.
Legal Description:	Lot 1 DP 72824.

Roberts Avenue, Wanganui.	
Legal Description:	Section 351 Right Bank Wanganui River, SO 27130.

are still required for their current designated purpose – being "Broadcasting, Telecommunications, Radio-Communications and ancillary and associated purposes (which shall include all ancillary structures works and activities)".

The specific purpose of the designations is to provide for the continued operation, maintenance and modest upgrade of facilities (via the Outline Plan Approval Process of Section 176A RMA) including ancillary and associated activities, at the existing a broadcasting and telecommunications facilities. Notably both sites facilitate broadcasting, telecommunication and radiocommunication services into Wanganui and surround rural areas.

Both designations were formerly listed in the District Plan under the operation of the Requiring Authority - Broadcast Communications Ltd. A crown company granted requiring authority status by a gazette notice dated 12 December 1996. On 17 November 2006 the company changed its name to Kordia™ Limited. Pursuant to section 23 of Companies Act 1993, the new company is still the same legal entity and hence Kordia™ Limited is still a Requiring Authority and the name change has since been reflected with updating the list of Requiring Authorities in the Resource Management Act 1991.

No changes to the existing designations are required and as such a straight roll over pursuant to Schedule 1, Section 4(1) of the Resource Management Act 1991 is requested.
