Wanganui 4540
Attention: Rachael Pull

Dear Rachael

Resource Management Act 1991 Wanganui District Plan Review Designations

Thank you for seeking input from the New Zealand Transport Agency to the review of the Wanganui District Plan and in particular pursuant to clause four of the first schedule, seeking advice as to which designations the Agency wishes to see rolled over in the new plan.

Existing highways

I would be grateful if you would rollover the existing designations for State Highways 3 and 4 as they are shown in the operative plan.

The purpose of the designation should be stated as "to undertake maintenance, operations and use of, and improvement to the State Highway Network."

Wanganui Bypass designation

The operative plan contains a number of designations for the Wanganui Bypass. These are designation numbers D216, D217, D218, D219, D220 and D221. The stated purpose of these designations varies but they generally refer to and are known as the Wanganui Bypass designations. The Agency no longer wishes to have provision made in your plan for the Wanganui Bypass so I would be grateful if you would ensure that these designations are not carried over into the review plan.

If you require any further information please do not hesitate to contact Alan Catchpole at 06 953 6069 or alan.catchpole@ntza.govt.nz.

I hope this is of some assistance to you. This letter has been prepared and signed pursuant to delegated authority.

Yours faithfully

David McGonigal
State Highways Manager
