To: Wanganui District Council

Name of the submitter: New Zealand Transport Agency

This is a submission on proposed Plan Change 30 to the operative Wanganui District Plan which seeks to update designations in the plan.

The specific provisions of the proposal to which this submission relates are:

The inclusion of designations D207 to D215 in the schedule of designations. These designations cover state highways 3 and 4 as they pass through the Wanganui District Council area. This submission also relates to the deletion from the Schedule of Designations of designations D216 to D221 which were in the name of the New Zealand Transport Agency and provided for a bypass of part of the Wanganui urban area.

The Agency's submission is:

That it supports the designations included and deleted above as these were requested by the Agency when the Council sought advice on the future of the Agency's designations in the Plan.

The Agency seeks the following decision from the Council:

That Council confirms the designations included in the Schedule as outlined above and the deletions also as outlined above.

The Agency wishes to be heard in support of its submission. If others make a similar submission the Agency will consider presenting a joint case with them at the hearing. Also if Council wishes to hold prehearing discussions the Agency is happy to participate.
