

**Wanganui District Plan**  
**Public Notice of Council Decision on Submissions to Plan Changes (PC) 33, 34 35, 37**  
**to the Operative Wanganui District Plan**

*Clause 10, First Schedule, Resource Management Act 1991*

**Summary of Plan Changes:**

**PC33 (Flood Hazards)** updates mapping of the 1:200 year flood event and establishes objectives, policies and rules to manage the effects of the Whanganui River flood hazard.

**PC34 (Kai Iwi Coastal Hazard)** updates the existing Coastal Hazard area on the District Plan Maps following a technical review of the extent of the hazard. District Plan objectives, policies and rules are unchanged.

**PC35 (Airport Enterprise Zone and Air Noise Overlays)** proposes a new Airport Enterprise Zone to provide for continued commercial growth. In addition, the nature of airport operations means they generate significant noise. Protection for the existing and future Airport noise footprint is identified on the Planning maps, along with new rules, to enable the Airport to operate efficiently. Noise restrictions require the Airport to adopt best practice to minimise noise impacts.

**PC37 (Papakainga)** amends the definition of Papakainga in the Plan and limits the application of the Plan's Performance Standards to the external boundaries of land defined as Papakainga. Objectives and policies are introduced to the Plan in relation to Papakainga.

The Wanganui District Council has now made its decision that Plan Changes 33, 34, 35, 37 to the Wanganui District Plan **be approved with modifications.**

The Wanganui District Plan is deemed to have been amended in accordance with these decisions on **31 January 2015**. The period for lodging appeals against Council's decisions **closes at 4.00pm on Monday, 23 March 2015.**
