

Whanganui District

Electing 12 Councillors

Vijeshwar PRASAD

Independent

My principal place of residence is in the Whanganui District area.

Whanganui is a beautiful place with different ethnic groups. What we need is Accountability and Transparency so that it can reflect on diversity of our community by creating a welcoming and diverse environment. This will allow people to see their differences and similarities and be better to relate to one another. Cultural representation representing different ethnic communities is very important in a local council.

Our council with our help can promote to bring businesses so that more jobs are created, and our youths can stay back and contribute in the environment. We need housing for everyone and there should be ways to control rates.

I have got time and energy to serve you all. I have got the experience in Education and Community work. I have served the community for over twenty years. I am approachable and a good listener. You can trust me; you will be in good hands.
