Whanganui has a housing problem. We don't have enough rental properties, buying a house is hard, and our houses are often damp and cold. If

I'm elected as a councillor, I will work towards developing a thriving, environmentally responsible and healthy community. At the heart of this community, is healthy homes for all. My background working with agencies on emergency housing, insulating homes, advocating for accessible housing, and business development will make me an asset to the Council and the community. My experience in creating partnerships and brokering deals will create opportunities for Whanganui to take advantage of all the diverse housing initiatives presently on offer. I have brought up four children in Whanganui and now have three children and grandchildren living here. I'm passionate about many aspects of Whanganui life such as our heritage buildings, our wonderful facilities, heritage plants and seeds and more recently, Cross Fit.
