

Suitably Qualified and Experienced Practitioner (SQEP) List: Geotechnical Assessments in Whanganui District Council Region and Nationally

Engineering New Zealand holds a detailed register of individuals who have had their competency assessed in the field of Geotechnical Engineering.

The register can be searched here: www.registrationauthority.org.nz/search-register<<http://www.registrationauthority.org.nz/search-register>>

The following organisations generally contain suitably qualified and experienced professionals to undertake geotechnical assessments who contain appropriate accreditation with Engineering New Zealand.

Before any geotechnical assessment is undertaken please check with the Council's Development Engineer to ensure the individual proposed to be engaged is competency assessed in the field of Geotechnical Engineering.

Development Engineer

06 349 3717

Identification of the consultancies does not imply that council recommends their professional services, nor is the list exclusive. Organisations other than these may meet the requirements based on the practice areas of the personnel they employ. Rather the list is to provide direction to people seeking professional advice.
