**RESERVED DECISION OF THE WHANGANUI DISTRICT LICENSING COMMITTEE**

***Application***

(1)The application was made on the 28 July 2021 on the prescribed form. The application seeks to establish a new license for an existing restaurant/cafe at 149 London Street, Whanganui. The applicant has obtained the necessary lease to hold and manage a Liquor Licence. The general nature of the business will continue to be that of a café/restaurant and alcohol will only be sold to seated customers i.e. no bar as such.

(2) The premises at 149 London Street, Whanganui is seeking the same licensed area and seeks to be undesignated. The principle entrance is that off London Street.

(3) The applicant is an incorporated company with two directors/shareholders.

(4) The premise will be known as ‘Bula Bure The Village’ and is seeking to be ‘undesignated’ which is suitable for a Café/Restaurant type licence. The applicant provided evidence of suitable tenure, a letter in relation to evacuation planning compliance and a Certificate of Compliance from Council in relation to Building and Planning.

### ***Decision Making***

(6) In considering this application for On-Licence the District licensing Committee (here in after referred to as the 'Committee') had regard to the criteria specified under s. 105 of the Act.

#### **(7) the object of this Act:**

This is a new operator within an established café/restaurant within a premise which was previously licensed. The applicant provided a Host Responsibility Policy that shows how alcohol will be sold in a responsible manner under the licence. If followed this should ensure the object of the Act continues to be complied with. The applicant has the initial first year to show that they can operate the licence in accordance with the Act and the licence conditions. Sale of alcohol should be minimal at the premises and the operation is considered 'low risk'.

#### **(8) the suitability of the applicant:**

The applicant, Bula Bure Limited, is an incorporated company with two directors and two shareholders. The director's have an interest to ensure the licence is a success and the statutory responsibilities are adhered to.

Three certified managers are named on the licence application. This is seen as adequate.

(9) The inspector and reporting agencies do not challenge suitability of the applicant and neither do I.

#### **(10) any relevant local alcohol policy:**

The Whanganui LAP has been adopted. The LAP allows for discretionary conditions relating to On-licences. The inspector has recommended that the following conditions be placed on the licence stating –

- *The licensee will record and maintain a register of significant alcohol related incidents and have that register available for inspection by an enforcement officer at any time during trading hours.*
- *The licensee must ensure litter (this includes, but is not limited to, vomit and alcohol related rubbish) is removed from outside the premises.*

- *The Licensee must ensure that at all times when a queue is formed; a dedicated staff member is required to manage the queue and ensure it does not impede the general public or use of the pavement.*

The applicant has signalled he is happy with this recommended condition to be included on the licence. On this basis these seem to be reasonable conditions to include. No other discretionary conditions under the LAP were recommended by any of the reporting agencies.

**(11) the days on which and the hours during which the applicant proposes to sell alcohol:**

The applicant has applied for the following days and hours –

- **Monday to Sunday, 8.00am to 12.00 midnight,**

**(12) the design and layout of any proposed premises:**

The application included a floor plan that shows the area to be licensed. This is an existing licensed footprint. The whole of the licensed premise is to be ‘undesigned’ which is supported by the inspector.

**(13) whether the applicant is engaged in, or proposes on the premises to engage in, the sale of goods other than alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which goods:**

No.

**(14) whether (in its opinion) the amenity and good order of the locality would be likely to be reduced, to more than a minor extent, by the effects of the issue of the licence:**

Within the agency reports there are no concerns about the possible reduction in amenity and good order from any licence issue.

The licensed premise is existing, it is surrounded by other commercial operations including food and beverage premises within the Outer Commercial Zone which should ensure the amenity and good order of the locality are not effected by more than a minor extent.

**(15) whether (in its opinion) the amenity and good order of the locality are already so badly affected by the effects of the issue of existing licences that—**

**(i) they would be unlikely to be reduced further (or would be likely to be reduced further to only a minor extent) by the effects of the issue of the licence; but**

**(ii) it is nevertheless desirable not to issue any further licences:**

No concerns raised.

**(16) whether the applicant has appropriate systems, staff, and training to comply with the law:**

If the host responsibility policy is followed the licence holder should have no problems with compliance. The applicant appears to be taking their licensing responsibilities seriously which should assist the premise to be run in a compliant manner.

### ***Reporting Agencies***

(17) The following reports were received under section 103 of the Act.

(18) **Police** – Report received on 13 October 2021, offering no opposition.

(19) **Medical Officer of Health** - Report received on 29 September 2021, offering no opposition.

(20) **Licensing Inspector**

Full report dated 29 September 2021. The inspector provided a comprehensive report into the application, has met the applicant and concluded that the application is complete, appears to meet the criteria for a new on-licence and therefore has no opposition to the application.
