RESERVED DECISION OF THE WHANGANUI DISTRICT LICENSING COMMITTEE

1. Application

Tawhero Golf Club Incorporated made the application on the prescribed form received on 14th June 2021.

The application for renewal of Club Licence is in relation to the clubs premises at 24 York Street, Whanganui (a Council reserve).

The general nature of the business is that of a sports (golf) club. The **Tawhero Golf Club Incorporated** has been incorporated since 1995 and has held a liquor licence most of those years. The sale and supply of liquor is not the main focus of the club.

The renewal seeks to keep the same conditions as the current licence. The premise has not come to the notice of officials during the renewal period.

2. Decision Making

In considering this application for Club-Licence the licensing committee had regard to the criteria under section 131 and 105 of the Act.

Section 105/131 assessments:

(a) the object of this Act:

The inspector notes that the applicant has supplied a Host Responsibility Policy stating the measures to be undertaken to ensure the responsible sale and supply of alcohol. There have been no issues raised concerning previous operations so if the policy is followed then compliance with the object of the Act should be able to be achieved.

(b) the suitability of the applicant:

The applicant is an incorporated society since 1995 and located on the current site for many years. The applicant has supplied the name of one certified manager for the licence. This is considered to be just sufficient to manage the licence and the Club have been made aware of concerns about this. The Club advise a second person is also applying for a manager's certificate.

The suitability of the applicant is not challenged.

(c) any relevant local alcohol policy:

The application accords with the LAP.

(d) the days on which and the hours during which the applicant proposes to sell alcohol:

Applicant has applied for the same days and hours as currently enjoyed i.e.

- **Sunday to Friday, 10.00am to 10.30pm,**
- **Saturday and public holidays, 10.00am to 12.00 midnight**

This is seen as adequate and has operated in the past without incident.

(e) the design and layout of any proposed premises:

Past CPTED assessments have not raised any issues. An existing floor plan layout appears to function satisfactorily.

The Inspector mentions that the applicant has requested an extended licensed footprint to take into account a proposed patio. The Committee is prepared to issue the renewal to encompass an extended footprint if and when the structure is built and there is satisfactory planning/building certificates for its construction.

(g) whether the applicant is engaged in, or proposes on the premises to engage in, the provision of services other than those directly related to the sale of alcohol, low-alcohol refreshments, non-alcoholic refreshments, and food, and if so, which services:

Currently the focus is on sport, namely golf.

(j) whether the applicant has appropriate systems, staff, and training to comply with the law:

Previous operations have been satisfactory and therefore systems seem appropriate. The applicant has indicated staff have a good understanding of the Act.

(k) any matters dealt with in any report from the Police, an inspector, or a Medical Officer of Health made under [section 103](#). (see 3 below)

(s.131(1)(b))whether (in its opinion) the amenity and good order of the locality would be likely to be increased, by more than a minor extent, by the effects of a refusal to renew the licence:

No issues raised and amenity and good order should not be compromised by the renewal of the licence.

(s.131(1)(d))the manner in which the applicant has sold (or, as the case may be, sold and supplied), displayed, advertised, or promoted alcohol.

No issues raised within file.

3 Reporting Agencies

The following reports were received under section 103 and 129 of the Act and taken into account during the decision.

3.1 Police – Report received on 24 June 2021 of no opposition.

3.2 Medical Officer of Health - Report received on 15 July 2021 of no opposition.

3.2 Licensing Inspector – Full report dated 15th July 2021. The inspector is satisfied the application is complete and has no opposition to the renewal application.

4 Conclusion

Based on the evidence provided to me within the complete file, my assessment above of section 105/131 matters and the past operation of the premise/licensee, I conclude that the application meets the statutory criteria to be granted a renewal of Club-Licence under the Act for a period of three (3) years.

- (f) The licensee must ensure that signs are predominantly displayed within the licensed premises detailing information regarding alternative forms of transport from the premises.
- (g) The licensee must implement and maintain the steps proposed in the application for the licence aimed at promoting the responsible consumption of alcohol.
- (h) The licensee and managers on duty must ensure that the provisions of the Act relating to the sale and supply of alcohol to prohibited persons are observed.

The application is **Approved** for issue immediately. The extended licensed area can be formally administered once confirmation is made to this DLC of the patio construction complying with relevant planning/building codes.
